

New Client Portal

Time is money as the old saying goes and this has become even truer as our daily lives have gained pace with what seems to be ever-increasing demands on our time. Fortunately technology has come along to help us spend less time on needs to be done and more time on what we want to do.

This is what's prompted our introduction of new online portal technology to reduce the amount of time you need to spend sending and receiving documents with us.

Basically how it works is that each client has an online portal where you can send, receive and approve documents straight from your computer or smartphone without having to send them physically. This significantly cuts down the time delay in getting documents to and from our practice and helps us finish your affairs quicker so you can get back to what matters most.

It is quick, free, simple, secure, 24/7 and has Tax Office approval.

All it involves on your part is letting us know that you are interested in us setting up a portal for you. We will soon send you a quick registration notification email which takes under a minute to sign up to and you will soon be able to send and receive documents with us electronically.

As always, we're also here to help you if you have any questions or if you have any problems with the portal.

For those less confident with technology, you can always interact with us in the way that you always have, or we can talk you through setting it up if you want to give it a trial.

It's just one of the many ways that GJ Barnett and Associates is here for you.

For more details, call us on **02 9686 3130** or by email at info@gjbarnett.com.au
